Artifer, per esemplificare il lavoro del fabbro, ha realizzato cinque cataloghi fotografici, per presentare ai clienti il risultato di alcune realizzazioni ambientate. I cataloghi sono suddivisi per: cancelli, recinzioni, scale ed interni, balconi-parapetti e inferriate. Ultimo, ma non per importanza, il catalogo "linea arredo" vi presenterà una serie di articoli per l'arredamento da interni ed esterni.

Un semplice elemento come l'art. 5135 può costituire un insieme che valorizza il fascino e l'eleganza della propria abitazione.

The working and twisting of a post, article 5135.

Artifer, in order to exemplify the work of the artisan and show clients the effects of installed products, has produced five photographic catalogues. The catalogues are divided into sections: gates, fencing, interiors and stairs, balcony parapets and grates. Lastly, but not least importantly, is the furniture line which presents you with a series of articles for interior and exterior decoration.
